Stem Nut Size Template

Cut out the holes then fit over the stem nut on your bike to determine the stem nut size.

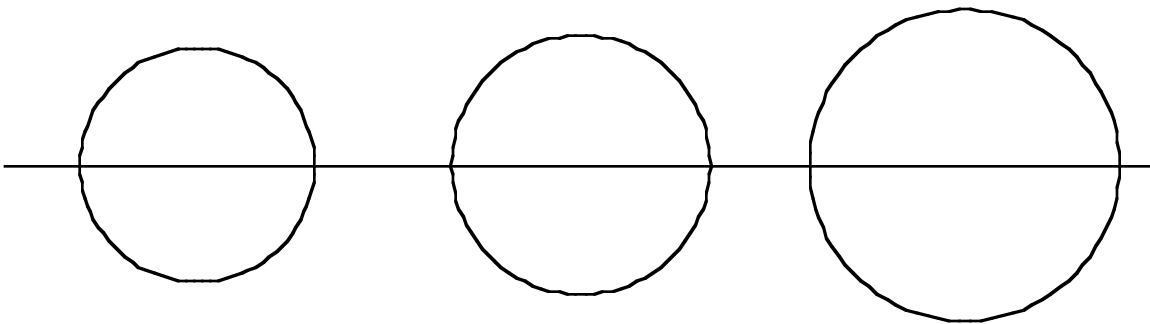

27mm: Mostly Yamaha models. Some Kawasaki models

30mm: Mostly Honda and Suzuki models.

39mm: Some Kawasaki models.

Different model years have different size stem nuts so please check to be sure which one fits your bike.

27mm 30mm 39mm

Fold on line and cut out with scissors

When printed this bar should be exactly 4"
